- Stay on Hwy 130 for one more mile until you reach the barricades at the end of the highway

At the barricades (End of Hwy 130):

You are now entering the area covered by the 1990 lava flow.

Drive past the barricades onto the rough paved lava road, for about 0.8 miles until you come to the parking area. You will see several Porta-Johns and a small wooden shack. We will meet you there.

After we greet you, we will drive a short distance onto our private property. We will park there behind a secure locked gate, and then depart for our adventure!
